ÉRIKA ROCHA

Full Stack Developer

erikatrue@gmail.com | erikarocha.vercel.app | github.com/erikarg

---

PROFILE

Full Stack Developer with hands-on experience in front-end (Next.js, React) and back-end (Node.js, TypeScript, MySQL). Skilled in clean architecture, testing, code quality, and maintainable solutions. Recognised for ownership, high-quality delivery, and proactive problem-solving. Collaborative and communicative, contributing to critical projects, aligning expectations, and supporting team success.

WORK EXPERIENCE

FULL STACK DEVELOPER

ZIG. THE GLOBAL FUNTECH

August 2023 - Present

- Designed and implemented end-to-end features across front-end and back-end
- Developed a feature responsible for generating R$5M revenue, currently scaling further
- Maintained and refactored legacy projects, improving performance, maintainability, and code quality
- Applied testing, debugging, and monitoring practices to ensure production reliability
- Recognised for ownership, accountability, and high-quality delivery in critical projects and team activities.

BACK-END DEVELOPER

PAYTIME BRASIL

March 2023 - August 2023

- Developed and maintained payment flow functionalities
- Implemented small functional adjustments and enhancements in existing back-end methods
- Analysed payment processes and flows to identify optimizations and ensure reliability
- Gained practical experience in back-end architecture, debugging, and functional programming

EDUCATION

Trybe
2022 - 2023
Professional Certificate in Full Stack Web Development

- Built full stack web applications with front-end (Next.js, React) and back-end (Node.js, TypeScript, PostgreSQL/MySQL)
- Implemented RESTful APIs, authentication (JWT), and secure access control
- Applied TDD, unit and integration testing, and code refactoring best practices
- Practiced collaboration, Agile/Scrum methodologies, and knowledge sharing

UFES - Federal University of Espírito Santo
2017 - 2021
Bachelor's Degree in Business Administration

- Applied strategic planning, organizational management, and business process optimization
- Conducted financial management, budgeting, and KPI analysis
- Gained experience in project management, risk analysis, and process improvement
- Developed data analysis, problem-solving, and leadership skills

SENAI – National Service for Industrial Training
2012 - 2014
Vocational Training in Computer Networks

- Configured and maintained LAN/WAN networks, routers, switches, and firewalls
- Applied network protocols (TCP/IP, DHCP, DNS) and troubleshooting techniques
- Conducted network installation, maintenance, and monitoring
- Developed problem-solving and analytical skills in real-world IT scenarios

---

SKILLS

- **Programming & Frameworks:** TypeScript, JavaScript, Python, React, Next.js, Node.js, AdonisJS, Tailwind CSS, Bootstrap
- **Backend & Databases:** MySQL, MongoDB, Redis, Serverless, RESTful APIs
- **Testing & Quality:** Jest, React Testing Library, TDD, Code Refactoring
- **DevOps & Deployment:** Docker, Rancher, CI/CD
- **Professional Skills:** Problem Solving, Critical Thinking, Ownership, Accountability, Collaboration, Communication, Agile/Scrum
